# Gary and Kathi Oates

# Programme

During thirty years of pastoral ministry, Gary and Kathi Oates have planted five churches.

However, their lives and ministry were dramatically redirected several years ago when, in separate experiences, both Gary and Kathi were caught up into the presence of the Lord and began seeing the ministry of angels in the realm of the spirit. Following those experiences, they were launched into worldwide itinerant ministry with an overwhelming abundance of supernatural results.

Gary is the author of the best selling book "Open My Eyes, Lord" and Kathi is the author of the new book "Open My Heart, Lord".

Together, Gary and Kathi are bringing an exciting wealth of ministry experience and supernatural wonder to the body of Christ around the world.
